New Michigan World Language Graduation Requirement: District Implementation. The MI Merit Curriculum requires all students beginning with the graduating class of 2016 (6th graders in 2009-2010) to successfully complete two credits in the same world language or have an equivalent learning experience in grades K-12.

This session is designed to clarify the new Michigan World Language Credit/Experience Guidelines as well as the new Michigan World Language Standards and Benchmarks. Participants will have an opportunity to discuss curriculum and possible methods of assessments, identify resources, and to develop a district plan to implement the new requirement which focuses on solutions to local challenges.

Districts are encouraged to register a team which includes administrators, curriculum directors, and world language teachers.
